

**LTP Worship Guitar System**

*YouTube Video Ad #3*

Imagine how it would feel if you could learn to play worship guitar like a pro in just 10 days.

Well listen...I know that sounds crazy but I can show you how to do.

It's not a trick. It's absolutely real.

My name is Jared Messer.

I'm the founder and CEO of [worshipmusicacademy.com](http://worshipmusicacademy.com).

And I've developed a brand new method for learning rhythm guitar for Worship.

It's fast, easy and works for anyone...even if you've never picked up a guitar before in your life.

In fact, It's working right now right now for people in more than 50 countries around the world.

And we hear from students all the time...

Like Alex who said...

"I've been picking at my guitar for years watching those YouTube videos...and I've come farther in the past seven days with your training than all the others put together!"

Or Christopher who said...

"I'm blown away at how quickly I've picked up my abilities. Your guitar course has changed the course of my life!"

Or Melanie who said...

"Your ten-day worship guitar fast track program is amazing I just finished yesterday and began playing the songs and feel successful!"

I'm a former Nashville musician, worship leader, and a teacher.

And by making some simple tweaks to the way people normally learn guitar...

I found a way for anyone to learn faster and with less practice time than I ever thought possible!

Now we're not talking about spending a lot of time memorizing scales, sitting through boring lessons, or doing hours and hours of exercise either.

I'm talkin' 30 minutes a day of fun easy to follow sessions...

That will have you up and playing your favorite worship songs in a matter of days!

Now we've got a free video on our website that explains exactly how the system works and why it works so fast.

You don't have to sign up for anything.

We're not gonna ask for your email to try to sell you a bunch of stuff down the road.

That's not how we work.

We're a Christian company whose mission is to "equip the saints for ministry."

So if you're interested in learning how to play rhythm guitar for worship in a Christian environment from a professional musician...

This exactly what you're looking for.
