

Worship Piano: Beginner To Pro 2.0

YouTube Ad

Runtime: 1:20

Would you like to learn to play worship piano? [disqualifying question]

Well, I'm a former Nashville pro and I've developed a system that's making it possible for people of all different skill levels learn to play very quickly. [primary promise]

It's based on something I developed called Worship Piano Skill Sets [unique mechanism]

And the idea is... [UM logic proof]

We take these things that sounds really really complicated...that the pros do

And we break them down into simple, easy to follow steps that anybody can play...

Put these steps together and in a very short amount of time....you're playing.

It's all based around worship piano. [empathy]

Now there's a video our our website that's free to watch. [overcoming objections]

You don't have to sign up for anything... [overcoming objections]

And you don't have to give us your email to get access to it. [overcoming objections]

It explains exactly how the system works why it works so fast. ["why" claim...claim but NOT a claim]

So if you're interested I encourage you to click to button and check it out. [casual CTA]

We're a Christian company...I'm a believer... [empathy, overcome objections, trust]

And our mission at the Worship Music Academy is to "equip the saints for ministry." [overcome objections, empathy, reason why]

We've had a guitar course for over a year and a half now and it's been working for people all over the world. [passing pitch, claim]

And now we've developed the same thing for worship piano. [transitive proof]

So if you want to learn to play in a Christian environment from a Christian teacher... [trust]

This is the perfect place to do it. [claim based on proof]

Click the button right now to checkout the free video. [Clear CTA]

I hope to meet you very soon. [empathy]

God bless you. [empathy]
