

The Nashville Ear Training System

YouTube Ad #2

Hey, if you're a worship leader or worship musician, I want to tell you about something that you really might be interested in.

Now you may have seen our videos before on learning to play, worship piano or worship guitar.

This is something totally new.

It's based on a skill that I developed many years ago that allows me to hear a song and know the chords to it almost immediately...

Which then means I can go and sit down at the piano or the guitar and play it.

Now you might be thinking this is a skill that that only professionals can do, or something that takes years to learn, or even something that people are just born with.

None of those things are true.

It did take me a long time to learn it.

But what I did is I took all of the things that I do, and I broke them down into steps.

And by teaching these steps, you can learn this skill incredibly fast.

I've taught students how to do this before, and they took the skill and have been able to then listen to a song and just know how to play it.

They can write the chords down, or they can just play it right off right from ear and start playing the song.

Well, there's a video on our website that I made that shows you how this thing works and explains everything that's involved in the course.

It's an online thing.

You can do it right with me, and I walk through it with you every step of the way.

So if you've ever thought, Man, I wish I could hear a song and know how to play it...

Or if you just want to get better at your instrument or want to go deeper in music...

Or if you want to eliminate the need for music at all.

This will allow you to do all those things.

Now it's a Christian website.

I'm a believer, and I founded the Worship Music Academy to equip the Saints for ministry...

So it's not an exorbitantly expensive thing to get, either.

We've tried to make it really reasonable for people all over the world.

So if you want to learn to do this, to where you can hear a song and just know how to play it...

I hope to meet you really soon.

God bless you.
